

ANT™

Initially, Arne Jacobsen designed the Ant™ for the canteen at Novo Nordisk, an international Danish healthcare company. Today, the Ant is one of the most prominent icons in the collection. Despite its minimalist form and svelte shape, the Ant is an extremely comfortable chair.

## ARNE JACOBSEN 1902-1971

The cooperation between Arne Jacobsen and Fritz Hansen dates back to 1934. But it was in 1952 the break-through came with the Ant™. It was succeeded by the Series 7™ in 1955. This propelled his and Fritz Hansen's names into furniture history.

Arne Jacobsen was very productive both as an architect and as a designer. At the end of the 50's Arne Jacobsen designed the Royal Hotel in Copenhagen, and for that project the Egg™, the Swan™, the Swan Sofa™ and Series 3300™.

Arne Jacobsen was and is an admired and outstanding designer. While the significance of Arne Jacobsen's buildings was less appreciated, his furniture and other design work have become national and international heritage.
