

ABOUT A CHAIR / AAL93

Design by Hee Welling & HAY

With a moulded plywood frame this version of About A Lounge Chair is offset by the minimalist wooden frame, creating a slightly more angular expression. It is available in a low-backed version with a more intimate expression or in a high-backed version with an open, spacious feel. The wide choice of cushions, legs and upholsteries mean you can configure unique combinations that fit a variety of public and private contexts.
