VIPP13 - 17 | PEDAL BIN
VIPP52 | OFFICE BIN

We are tool builders. Just like Holger Nielsen who made the first Vipp pedal bin for his wife's hairdressing salon in 1939.

More than 75 years of experience with steel manufacturing form the foundation of every new Vipp tool, and like all Vipp products, a Vipp bin is made to last for at least as long as the original Vipp pedal bin; timeless in its aesthetics, impeccable in its function and valued for the joy inherent in its daily use.

Since 1939, the one Vipp pedal bin has grown into a family of bins – even a miniature.

Vipp15 – ears on the side of the pedal bin makes it easy to move around

IT BEGAN WITH A BIN FOR MARIE

—
*'Holger', said Marie
'I need a waste bin for my salon.
Can you make me one?'*

A FAMILY OF BINS FROM MINIATURE TO 35 LITER

Designed in 1939 by Holger Nielsen for his young wife Marie, the original Vipp pedal bin is now available in six sizes – including a miniature in scale 1:5.

VIPP MINIATURE BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	10.4 (H) x 6 (Ø) cm (diameter measured by the foot)
Colours	Black, white

VIPP13 PEDAL BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	60 (H) x 25 (Ø) cm (diameter measured by the foot)
Volume	4 liter
Colours	Black, white

VIPP14 PEDAL BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	37 (H) x 30 (Ø) cm (diameter measured by the foot)
Volume	8 liter
Colours	Black, white

VIPP15 PEDAL BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	52 (H) x 30 (Ø) cm (diameter measured by the foot)
Volume	14 liter
Colours	Black, white

VIPP16 PEDAL BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	62 (H) x 30 (Ø) cm (diameter measured by the foot)
Volume	18 liter
Colours	Black, white

VIPP17 PEDAL BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	72 (H) x 30 (Ø) cm (diameter measured by the foot)
Volume	30 liter
Colours	Black, white

VIPP52 OFFICE BIN

Materials	Powder-coated steel Stainless steel Rubber
Dimensions	60 (H) x 30 (Ø) cm (diameter measured by the foot)
Volume	35 liter
Colours	Black

Vipp52 office bin

Vipp52 office bin in The Royal Danish Opera House, Copenhagen

CARE INSTRUCTIONS

CARE INSTRUCTIONS FOR POWDER-COATED SURFACES

Keep powder-coated surfaces clean and dry. Use a lint-free cleaning cloth or a soft brush with warm water and a mild detergent for cleaning. This applies to both smooth and rough surfaces. For a more thorough cleaning of your bin, remove all rubber parts and re-mount them when the bin has dried off completely.

Tips for stains

- Grease stains: Use alcohol or glass cleaner to remove grease stains. Then follow the guide for maintenance above.
- Lime stains on the black (rough) surface: Use a mild descaler suitable for painted surfaces. Use a lint-free cleaning cloth. Rinse with clean water and finally wipe with a dry cloth.

CARE INSTRUCTIONS FOR STAINLESS STEEL SURFACES

Keep stainless steel surfaces clean and dry. Stainless steel may be permanently stained if water/fat/cleaning products are not removed from the surface relatively quickly. We recommend using a care product for stainless steel, glass cleaner or another non-abrasive and gentle cleaning agent for cleaning stainless steel surfaces. This will also make the surface water and dirt repellent. Use a damp, lint-free cleaning cloth for daily cleaning.

Remember not to use chlorine/abrasive cleaners on stainless steel surfaces.

Tips for stains:

- Grease stains: Use alcohol or glass cleaner to remove grease stains. Then follow the guide for maintenance above.
- Lime stains and discolouration: Lime stains on stainless steel can be removed with warm soapy water, a soft sponge and a lot of elbow grease. It is important only to use a soft sponge, or else you may damage the brushed structure of the steel surface.
- Stubborn stains and rust: Stubborn stains and rust may be removed by careful cleaning with a light-abrasive cleaner suitable for stainless steel. Cleaning must follow the structure of the polished surface. Please note that this process may change the original polishing of the surface.

CARE INSTRUCTIONS FOR RUBBER PARTS

Clean the rubber parts of the bin with a moist cloth.

WARRANTY

Extended 10-year warranty for Vipp bins. The extended warranty applies to bins purchased in 2008 or later. A two-year warranty applies to bins purchased before 2008.

The warranty presupposes rightful use as described in Vipp's care instructions with reservations for normal wear and tear.

For questions regarding the warranty on your Vipp product, please contact Vipp Customer Service
